Sir,

In forwarding herewith the entire file of correspondence ending with Saklespur Sub Division Officer's Memo No.C2. C.135f-35, dated 21st October 1936, re: the inclusion of Bedachavalli, a village very near Alur, in the limits of the Alur Minor Municipality, I have the honor to state as follows:-

2. Bedachavalli, which is a small village is situated very near the Alur town. Certain persons constructed dwelling houses in S.No.46 of this village. As this land is just behind the Sub Taluk Office, these persons are making use of the Municipal well nearby. They are also deriving the benefit of the Municipal lights. It is reported that the Alur Municipal Council have been levying house-taxes in respect of these houses. The Sub Division Officer has reported stating that he is taking action re: the construction of dwelling houses on the agricultural land referred to above.

3. The Viddage Panchayet of Bedachavalli resolved at their meeting held on 30th Novr. 1935, that either the taxes collected by the Municipality in respect of these houses from 1st Feb. 1927 be credited to the funds of the Village Panchayet or action might be taken to include the entire village within the Municipal limits. The Chairman having sent a copy of this resolution to the President, Alur Municipal Council, the President placed the subject before the Council. They resolved at their meeting

held on 27th Dec. 1935, that as the village was very near Alur, as the villagers are agreeable to the inclusion of the village in the Municipal limits, and as the proposal does not involve much expenditure, the village might be included in the limits of the Municipality. The President having requested sanction to the proposal, he was asked to furnish further information. He placed the subject before the Council at their meeting held on 31st Aug. 1936, when they resolved that only S.No.46, measuring 5 acres and 3½ guntas might be acquired paying compensation at ₹25/- per acre.

4. The President has resubmitted the records, with a copy of his resolution stating that the necessary amenities would be provided to the villagers if the entire village is included within the Municipal limits and that the Council would pay the 50 years' assessment etc., levied on the persons who have constructed houses in S.No.46. The Sub Division Officer has, in submitting the records, stated that the proposal of the Municipal Council might be approved

5 I am of opinion that the parties who have constructed the houses in S.No. 46 have to pay the 50 years' assessment etc , referred to above.

6 The acquisition of this land is not necessary As the village is very near the town, and as the Municipal Council wish to include it in the Municipal limits, I request you to be so good as to obtain the sanction of Government to the proposal at early date, and issue a Notification under Section 4 of the Minor Municipalities Regulation.

I have the honor to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
